

Chamberlin Club CommitChamberlin Club Commitment Form for OPCYC Members

I understand that the Old Point Comfort Yacht Club is willing to become a corporate member of the Chamberlin Club if between nine and 50 Pointers commit to be individual members representing OPCYC. Further, I understand that the OPCYC will not fund the annual corporate membership cost; instead, each member will pay his or her share of the annual cost prorated among the participating OPCYC members as described below.

I have determined that being an OPCYC member of the Chamberlin Club is in my best interest and personally agree to pay my prorated share of a one-year membership as described below. I will pay my prorated share directly to OPCYC. When the OPCYC has sufficient members committed to support its Chamberlin Club corporate membership, then OPCYC will in turn pay the fee to become a corporate member for one year. This process will repeat each year.

A corporate membership will allow OPCYC to identify between 9 and 50 OPCYC members as Chamberlin Club members. The annual fee to be paid by OPCYC to the Chamberlin Club is currently set at \$4,000. This fee may change in future years. The cost for each OPCYC member to take advantage of Chamberlin Club corporate membership will be based on the number of Pointers who commit to participate each year. For example, if 20 Pointers participate, the individual cost would be \$4,000 divided by 20, or \$200. This would be the annual individual fee for the applicable one-year membership. The fee is likely to change each year based on that year's pro rata calculation or changes in the Chamberlin fee itself. The only other individual costs involved are charges made by the member at the Chamberlin. Those Chamberlin charges are paid directly by the members or their personal guests using a personal credit card, e.g., paying for a meal.

Print out this form and mail it in to the OPCYC address (OPCYC Secretary, PO Box 51163, Ft. Monroe, VA 23651). **All forms must be RECEIVED by 15 November.** Join the excitement. Mail in your form. Send me an email to Seajack@pfg-va.net or give me a call (868-7786) if you have any questions.

When the annual specified application period closes, if a sufficient number of Pointers (9 to 50) have indicated a commitment, then OPCYC will determine the individual annual individual cost (between \$444.45 for 9 members to \$80 for 50 members) and advise those who committed to participate of the fee. They will then submit their pro rata fee immediately to OPCYC. After all fees have been collected, the OPCYC will submit its annual application and fee for corporate membership to the Chamberlin. Each participating Pointer and spouse will receive a separate Chamberlin Club membership card from the Chamberlin showing their names. This card is not transferable. The Chamberlin will also provide each Chamberlin Club member a membership folder.

If other Pointers decide after the open period to participate in the one-year membership period, they may do so until the maximum number of Club members (50) is reached. After the annual application period, any Pointer who wishes to participate will be required to pay OPCYC the same pro rata fee paid earlier by the initial participants for that year even though their individual membership period will end on the same date as the original members.

By signing the form below, I agree that I am committed to pay my pro rata share of one year's corporate membership in the Chamberlin Club within the category indicated.

- \$444 to \$300
- \$200 to \$100
- \$300 to \$200
- Under \$100

Printed names (for membership card)

Signature (only one signature required)
